## ***Why Thoughts are Things***

"*We can make the World without but a reflection of the World within. We can make Matter a Force subject entirely to the control of our Mind*"

In this day and age we are living in, the world is starting to see that all we see is really the "**Effect**" of a hidden "**Cause**". But for the mass majority when you look at the condition and the state the world is in you can say that few people still do not have any idea of the "**Causes**" by which those "**effects**" are brought about. We must begin to realize that every Human experience is an "**Effect**", of a "**Hidden Cause**". We laugh, we weep, and we experience joy, sorrow and happiness. Each of these Emotions we experience in Life is easily traced back to a source.

When viewing these Emotional experiences they can be easily traced back to their origin or source, but not all experiences in life are so easily traced back to their "**Primary Causes**". This is due to the fact that most People do not realize that they are the Cause of the Effects taken place in their own lives.

We live in a "fear" based society, everywhere you turn there are subliminal suggestions encouraging or reinforcing "fear". Many advertisements suggesting for People to take this type of medication in order to rid your body of this aliment or disease (Dis-ease). During the Winter time we are bombarded with "**Suggestions**" of receiving a "Flu Shot", in order not to contract what we have been taught is a "Cold", and society through the Media has even made it where it is called "FLU SEASON". When in reality when a society of People is given the proper knowledge on **Health** and **restoration of the Body**, and a **holistic Diet** most people will suffer very minimal diseases and sickness if not at all.

This is just one "**Primary**" example of how Thoughts become things and manifest themselves into your life. When the reality is when we learn to find and control the "**Causes**" in our life that are causing misery, pain, grief, stress etc.. We can control the "**Effects**". We shall no longer be the victim of "**FATE**". When we start to learn the "**Causes**" in our life we will then be able to start to rise above the conception of life in which "**Matter**" (Person, Place, and Things) is our Master. There is but one great reality we will stress on your Minds at this time and

this reality is the world within is a "**REFLECTION**", of the world without, what is going on inside of your Mind will reflect in your surroundings and environment. We "**Attract**" to us whether Positive or Negative the things we think about the most, see in our Minds, and are "***emotionally***" attached to. This is a Law within Nature called the ***Law of Attraction*** and the ***Law of Cause and Effect***.

***Question: What is Matter?***

**Answer**: According to The Merriam Webster's Colligate Dictionary "**Matter**" is defined as: "A *material substance that occupies Space, has Mass, and is composed predominantly of Atoms consisting of Protons, Neutrons, and Electrons, that constitutes the "**Observable**" Universe, and that is interconvertible with Energy."*

Modern day "***Physicists***" have noted the fact that **Matter** is thought, vibrating at a lower frequency. **Physicists** have also learned when probing deeper into what we call **Matter**, that **Matter** is really Energy and all things are made up of fine minute particles of energy called "***Atoms***". Now they (Physicists) have also learned when probing even further into the world of **Atoms** that there is even a smaller world

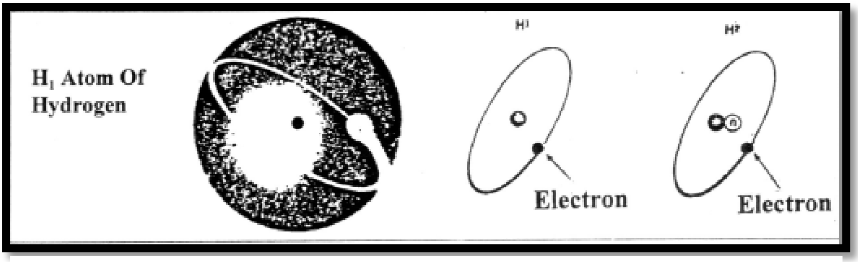

**Figure 1 Hydrogen Atom (ATUM)**

that goes beyond what they call "**Protons**, **Electrons**, and **Neutrons**, called **Quarks**". Which are even smaller "**Particles**" of Energy that do not have a weight meaning they do not "**Sum**" up to anything that we know of in "***Physical Reality***" or "***Physical***" existence, yet **Atoms** are made up of ***Quarks***, so ***Quarks*** exist in Physical Reality and in this Physical world. So… modern day "***Quantum Physicists***" have termed the world that exist beyond the Atom which is the world of **Quarks** as **Nothingness**, meaning these small minute particles of energy exist but they cannot be compared to anything on this side of H1 or **Hydrogen**. So the best word that was given was "***Nothing***" (**No. Thing**), and when you truly examine the word "***Nothing***" you see No – Thing or No. which is the abbreviation for the word "***Number***" and then "***Thing***", the same with the word something or Sum –

Thing, the "*SUM*" of a Thing. In Mathematics we learn that Sum is the **totality**, so the world existing below Atoms does not Sum up to or ADD up to any "*THING*" in Physical existence or Reality, yet it still "Exist."

When we sit back and really let this "**Reality**" settle into our Minds an interesting things takes place, you begin to first start to realize there is a hidden world, a deeper more finer world existing, inside and all around us that we have no knowledge of. That our "**Conscious**" awareness is not as fine tuned as we thought, and when we start to keep contemplating these great truths that our ancient ancestors of **Ancient TaMa-Re** (**Egyp**t) knew all along. We then begin to look for more examples in life to confirm these facts. There is a world going on inside of us, that we have no knowledge of that is a world when tapped into gives you unlimited Energy and resources to use in one's life.

Ask yourself *"what is the world of your heart beat?"* How do Blood cells "**know**" to pass your Heart and keep moving throughout the body without "Naturally" stopping the flow and Harding and clogging up? How does the Stomach know how to give a message to the brain which translates into a

chemical emotional reaction to let "you know" when it is hungry and then warns you when it is full? How, does our body know?

Now through the many different forms of Religion be they the three most prominent in this day and time that has had a long lasting effect on the world, *Christianity, Judaism*, and *Islam* they would say **GOD** (**THEOS**, **DIOS**, ), **ALLAH**, or **YAHWEH** is in control of all things. But you seekers of "facts", who are reading this that belong to one of these three religions would have to admit that even in your **Holy Books** be it the Bible, Qur'an (Koran) or Torah they speak about a world of "**Void, and Darkness**", the <u>**State of Nothingness**</u> that existed, before "**Things**" came into existence.

We speak about these types of realties, to start to prepare your mind to learn to think outside of the box of **Person**, **Places**, and **Things** or the **Matrix**. To learn to start to embrace new ideas and realties, that there is truly a world existing outside of your "***Conscious Perception***" until we begin to train our "Mind's Eye" to see it. And once we begin to train our Minds to realize this reality, we will see how we are truly connected with "All" things. For Master

Yesua, Yashua, Isa, Jesus, said "I and the Father are One!" To make it plain and simple "The world is a looking glass, a mirror and gives back to every Human Being the reflection of his or her own thoughts!" When you smile at the world the world smiles back, when you frown at the world the world will frown back. When you walk around with the Tupac State Mind "***Me against the World***", then guess what, the world will truly be against you. Ask yourself today **"What is my Conscious Perception of the World, in which I live day to day?"** A Shift in Perception is a Change in Condition, all dealing with "Energy Vibration".

When we imagine meaning hold these mental images in our Mind's Eye, of disaster, fear, and disease (Dis-ease) upon our **Subconscious Minds** the Miracle worker of our Minds Finds ways of brings them into effect (**Concrete Reality**).Even though at times we may want to stay at home to avoid some type of ill fate, the reality is the Mental Images are what counts. Mental images (Thought) can be devastating or beneficial to us depending on how we choose to make it. The only thing that really "*Matters*" is the ***Thought World*** (**The Mental Universe**). For Thoughts control the actions and

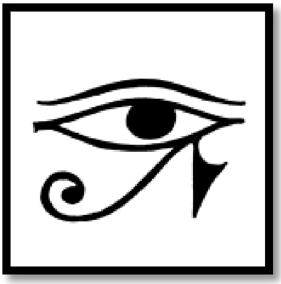

environment of every Human Being. We make the world without but a reflection of the world within.

Thought is the only force! Just as **Polarity** controls **Electrons**, **Gravitation** controls the Planets; **Tropism** controls Plants and lower animals, **thought** controls the World around us, and thought is subject wholly to the control of the **Mind**. We have the ability to make the world without but a reflection of the world within, once we learn proper discipline of the Mind, through "**Positive Meditation**", "**Positive Visualization**", and an all around **Positive Mental** and emotional attitude. Our emotions which is nothing but "**Energy in Motion**", plays a big part on our Mental state and what we are attracting into our lives.

People have the power to make Matter a force subject entirely to the control of our Minds. For Matter is merely our wrong view of what Universal Mind sees rightly. We do not have the ability to change past experiences, but we most definitely have the ability to determine what our new experiences shall be like. We have the Ability to make the coming day what we would like for it to be!

## The Power of Inner Vision

*"Without Vision the People Perish"*

***Question: What is Imagination?***

**Answer:** According to the Merriam Webster's Dictionary Imagination is defined as: *"The act or power of forming a* ***mental image*** *of* ***something not present*** *to the* ***Senses*** *or never before wholly perceived in* ***Reality****. Creative Ability."* So as you can see ***Imagination*** is the ability to create an idea or mental picture in your mind.

***Question: What is Reality?***

**Answer:** Well, Scientific experiments have shown that if we take a person and hook their brains up to certain "PET Scans" and Computer Technology and ask them to look at a certain object, these Scientist

would watch certain areas of the Brain light up, and then they ask the same people to close their eyes, and now imagine that same object and when they imagined that same object it produced the same areas of the brain to light up as if they were actually visually looking at the object. So this caused Scientists to back up and ask this question " so who really sees then, does the brain see or do the eyes see and what is reality, is reality what we are seeing with our brain or is reality what we seeing with our eyes?"

The truth is the brain does not know the difference between what it sees in its immediate environment and what it remembers because the same specific "**neural nets**" are being fired, so then this makes you ask the question what is reality… pause and think.

The Mind has many great powers; one of its powers is the ability to produce images. Now before we go any further into speaking about the powerful gift of **imagination** and the <u>**creative ability**</u> of the Mind to produce Mental images called "***Visualization***", we must stop and take time to examine just how does the Brain create these mental images that your Mind sees.

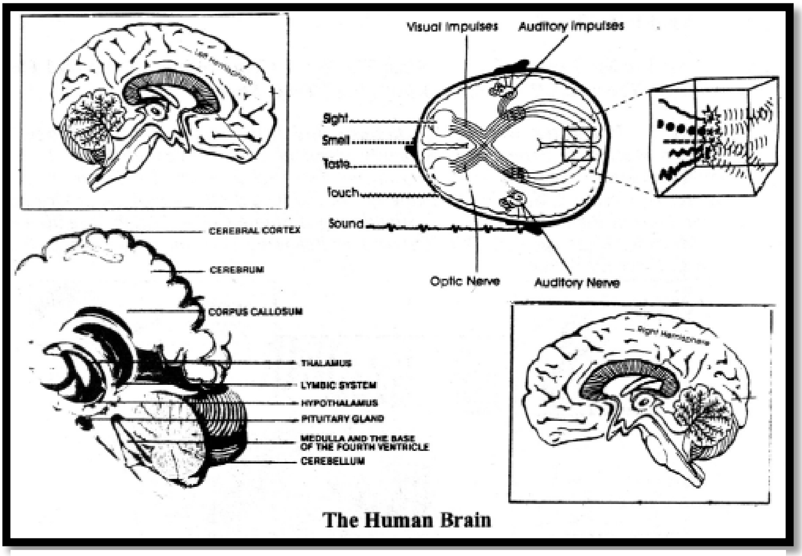

## The Holographic Nature of the Brain

**Question: I have heard many times the Human Brain is like a Holographic Computer how so?**

**Answer:** Yes, this is true when examining the functions of the brain and the way Brain reacts to outer stimuli via senses, and the way the brain stores information, our Brain is a ***Holographic Computer***. Just like a computer our Brains have a certain amount of Memory or Bytes that can be used as impulses from the *Senses* that are beamed to the Brain, connecting, converging and interfering as they overlap within your Brain Cells**.** **Electro-Magnetic Energy** serves as the *Holographic Brain's* laser-like Light. Your Eyes serve as the Object Beam. Your remaining senses and emotions serves as the Brain's reference Beams.

Now the Science World has discovered the Technology where they can put tiny *Microchips* into the Brain and even download programs right into the Brain, (*refer to Matrix Movies Pts. 1-3*) touch screens as well as **Mind control** of Computers.

**The Holographic Brain**

Now let's take a look at the word "***Hologram***", you see ***Holo*** or ***Hol*** meaning ***Whole Entire***, and **Gram** meaning "***something written***", thus Hologram is a ***whole*** or ***entire message***.

**Holograms** are produced by illuminating the scene with Light from a device called a **Laser**, which works off the "Principle" of vaporizing the hardest and most heat resistant materials through multiplied stimulation of Atoms. The Laser is a number of several devices that turn striking Electromagnetic Radiation of mixed frequencies of highly amplified

 

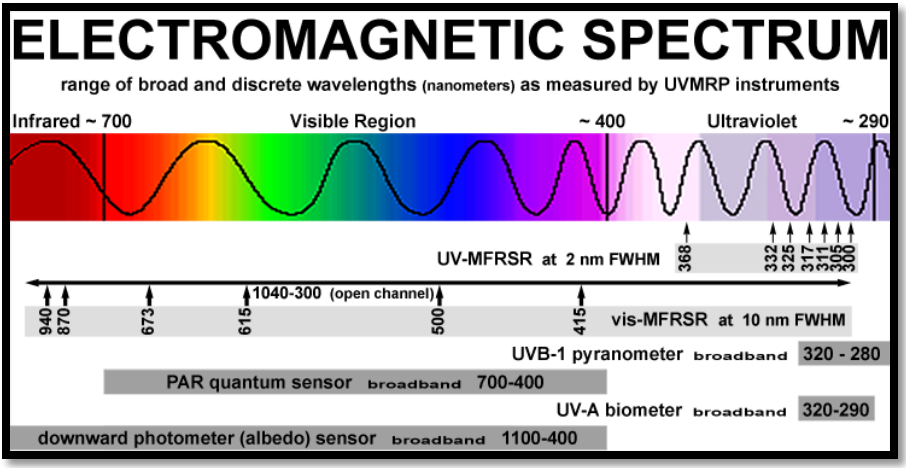

and coherent visible radiation. The Laser is also called "***Optical Laser***"! The Output of a Laser is in the visible region of the "***Electromagnetic Spectrum***".

***Laser*** is any of several devices that convert incident ***Electromagnetic Radiation*** of mixed frequencies to one or more radiation. The word **L.A.S.E.R** stands for **L**ight, **A**mplification, **S**timulated, **E**mission, and **R**adiation.

Laser provides the long sought after model of how visual and sensory information is received stored and recalled by the Brain. Our Ancient TaMa-Rean (Egyptian) ancestors knew all this about the Brain, and being we are the "Children" of our Ancient Ancestors TaMa-Rean (Egyptian) it is due time we know and begin to reawakening the dormant powers of our Mind. There is a modern day **Physicist** by the name of "**Michio Kaku**" who has video documentary proving that the "*Toyota Company*" has now developed the technology of what they call "***Toyota Brain – Controlled Wheel Chair***." Scientist attach types of Electrodes to the brain and through thought wave patterns a person who is Paraplegic (Paralyzed) can operate and move the Wheel chair just by mire thought.

Also **Michio Kaku** says "*give us five years and we will be reading your thoughts*". This statement was made back into 2009. So they are saying by 2014 Scientists will have the technology to place a small **microchip** in the Brain to give you the ability of **Telepathy** which is the ability to communicate Mind to Mind without vocal actions or spoken words. The reason we are bring this information to the surface of your **Conscious Mind** is to prove to you, people are interfacing Technology with Natural abilities. With the "Powers of the Mind" and the proper Mental Exercises, Disciplines, Dietary Laws, Relaxation of the Body etc… what seems as Sci-Ficition and only happens on the big screen Movies are really inner

latent abilities that are ready to come to surface in this day and time. (*Refer to the "**Solar Cycle of RE**", Master Key Vol.2*) (*Refer to [www.mkaku.org](www.mkaku.org)*)

**Question: What is Sight?**

**Answer**: According to the Merriam Webster's Dictionary **Sight** is defined as: *the **Physical Sense** by which **Light** stimuli received by the **eye** are interpreted by the **Brain** and constructed into a representation of the Position, Shape, Brightness, and Color of objects in space. **Mental or Spiritual Perception.***

Sight is one of the five external Physical Senses that Humans have. Contrary to what we have been taught the "Eyes" do not actually see, the Eyes contain receptor cells which respond to messages from the Brain as they experience external stimuli. They work by **touch**, the "one real sense". Receptor cells are sensitive to specific classes of stimuli within a certain range of intensity or vibration. To explain stimuli (plural for stimulus) – Is external interference or action upon receptor cells. **Light**, for example, is a stimulus for Vision. Your ability to see depends upon a certain amount of Light penetrating the lens and cornea of the Eyes. So that it focuses on the delicate

retina. The part of the Eye has nerve cells which relay impulses to the **Cerebral Cortex** of the **Brain**. Thus an Image is Visualized.

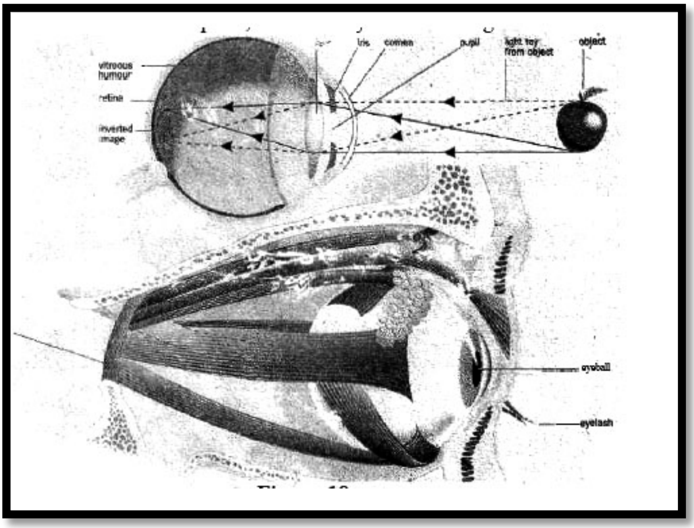

***Question: So how do the "Eyes" function?***

**Answer:** Your "**Eyes**" are often said to be the windows of the "**Soul**". The Eyes are spherical structures anchored by six muscles into bony sockets in the Skull. Under the direction of the Brain, these muscles cause the Eye to track moving objects. The inner mechanism of the Eye has a superficial resemblance to that of a Camera; Light Rays are focused through a lens on- to a light-sensitive Area, **The Retina**. But this camera is a highly flexible one, and it's attached to a ***Supercomputer*** (**The Brain**). The **Retina** itself is made of about 130 million receptors, and the Eye can distinguish **8 million colors**.

The "**EYE**" is moved by six voluntary muscles and is kept firm by transparent fluids within it. The Eyeball consists of three layers of tissue. The outer layer is what is known as the White of the Eye, the Black middle coat contains the blood supply and the innermost layer is composed mostly of nervous tissue. At the front of the Eye, these coats change.

The outer coats become the transparent Cornea. A round opening in the middle coat is the Pupil, and behind it is the Lens. The muscular Iris surrounding the Pupil changes the size of the opening and gives the Eye its color. The Lens brings together the Light from the objects one looks at and forms a visual mental image. When you look at the word "**imagination**" you see the word "Image" (image-nation) in this word. So imagination is the creative ability of the Mind to form visual mental pictures or images. Another word for this process of seeing mental images is called "***Visualization***".

Now, there is a very real "**Law of Cause and Effect**" within Nature which makes the Dreams of the Dreamer come true, and this Law is the "**Law of Visualization**". Imagination pictures the object you desire, but the power of "**Vision**" idealizes it. Imagination gives you the picture, but Vision gives you the impulse to make the picture your own. Start today that you truly have the power to bring about your "*ultimate success*" just by the images you hold in your mind.

Make your mental images clear, and vividly see them in your Mind's Eye, then just relax and forget about the whole matter. Send these visual images over to the **Subconscious Mind**, by relaxing and letting go of the images you hold and watch them began to manifest into everyday reality. Visualization, my Brothers and Sisters holds the **Ankh** (☥) Key to being able to shape and mold your own destiny!

## Creative "Visualization"

Thought externalizes itself. What we are depends entirely upon the images we hold before our ***Mind's Eye***. Every time we think, we start a chain of causes which will create conditions (effects) similar to the thoughts which originated it. Every thought we hold

in our **Consciousness** for any length of time becomes impressed upon our **<u>Subconscious Mind</u>** and creates a pattern which the Mind then weaves into our life or environment.

All power that we seek is from within and is therefore under our control, once we learn to discipline our Minds. When you are able to direct your thought processes, you can "***Consciously***" apply them to any condition, for all comes to us from the World outside of us from what we've already "***Visualized***" in the World within (our Minds).

Do you desire more Money? Sit down quietly right now and begin to realize with your Mind's Eye, that "**Money**" is merely an Idea. That your Mind is possessed of unlimited ideas, that being part of **<u>Universal Mind</u>**, there is no such thing as "*limitation*" or lack. That somewhere, somehow, the ideas that shall bring you all the Money you need for any right purpose are available for you. That all you have to do is send the thought frequency to your **<u>Subconscious Mind</u>** to find the "Supreme" answer for you. Realize it, Know it, and your needs will be met.

"Whatever things you Desire, when you ask for it from your Ancient Ancestral Forces know that you

will receive it. They are linked to you, linked to all of us through our Right Minds (Subconscious Minds). "Ask and yea shall receive". Know that as African People we can heal the World! We have done it before and Now we will do it again. "It's over due time for all the "Good People" to come!" Use the gift of your Mind, the power of "***Creative Visualization***" where you create pictures and whole movies in your Mind of what you desire to manifest.

As long as it is Positive and in alignment with Almighty Nature (Neteru) know that it will manifest. For the Source of all good, of everything you wish for is The ***Universal Mind*** (*THE ALL in ALL – PAA PAUT*), and you can reach "ALL (**PAUT**)" only through your **Subconscious Mind.** And Universal Mind will be whatever you see it to be. See a World of Freedom, a World that allows you to express the Deity Mind that you truly have, a World that has Peace, no sickness, no discomfort, no dis-ease (disease), a world of ***Facts*** and ***Confirmations*** and a World of Ancient Royalty, a World where **African People** all over are back in our rightful place as Mothers and Fathers of all ***World Civilizations***. You have the Mind of a Deity now is the time to learn how to use it! Can you see the "**Vision**!"

When we begin to realize with our Mind's Eye (**THE REAL EYE**) that our Minds are part of the Universal Mind (The ALL- PAA PAUT), and through our DNA, and Minds we are connected to "ALL", then we realize that we have direct access to our Ancestors who are waiting to help us and we have direct access to "ALL", with this realization all worry, all fear fades away. The "***inner realization"*** that first you "Exist" then if you "Exist" all that came from you also exist leading back to the very Source of Creation. You are truly connected to ALL, and in knowing this reality you begin to ask yourself "since all life started in Africa, and I am connected to Africa through my **DNA**, then it reasons out that "***I am all life and the Source of all life***".

## Visualize Your WAY To Success

The easiest and most obvious way to formulate an idea is to "**Visualize it"**, to see it in your Mind's Eye as vividly as it if were alive. You can see with the Naked Eye only what already exists in the external world; in a similar way that which you can "**Visualize**" in your Mind's Eye already exists in the invisible realms of your Mind. Any picture which you have in your Mind is the "***substance of things hoped for and the evidence of things not seen.***" What you

form in your "***imagination***" is as real as any part of your body. The idea and the thought are real and will one day appear in your objective world when you are faithful to your mental image.

This process of thinking forms impressions in your mind; these impressions in turn become manifested as "**facts"** and "**experiences"** in your life. The builder visualizes the type of building he wants; he sees it as he desires it to be completed. His imagery and thought-processes become a plastic mold from which the building will emerge – a beautiful or an ugly one, a skyscraper or a very low one. His **Mental imagery** is projected as it is drawn on paper. Eventually, the contractor and his workers gather the essential materials, and the building progresses until it stands finished, conforming perfectly to the mental patterns of the Architect. ***"Learn to act as though you are and you will be!"***

## SEE YOURSELF DOING IT

Within you is the power, see yourself doing it! Know you can do whatever your heart desires in this day and time, and we must also know that we must align with the Positive forces in Nature (Neteru) that is our African Ancestral Forces. There are infinite

possibilities in the Universe, look at all the technological advances in just the last 60 years. People are able to send messages around the world now faster than the speed of light; we call it Email (Electronic Mail). Look at the power of the Mobil (Cell) phone how fast they have advanced in the last 15 years. Our point here is that somebody is getting the inspiration to advance these different types of Technology.

Remember that the only limit to your capabilities is what you set upon yourself. There is no Law of limitation. The only Law if that of Supply, through your **Subconscious Mind** you can draw upon Universal supply for anything you wish. The ideas of *Universal Mind* are as countless as the sands on the seashore.

Use them NOW! Get up you old Mummies, get up out of your **NEB ANKH** (*Sarcophagus*) your time is NOW! You are an intelligent, reasoning, infinite and boundless Being. Our Minds are part of ***Universal Mind*** (THE ALL in ALL), and we have all the power within us to make requests to ***Universal Mind*** (The ALL in ALL) for our needs, and Positive growth. So let's aim High, demand much and watch our Heart's desire Manifest. Make a clear distinct image of what

it is that you want, and need in your life, place your order with the Universe, ***Universal Mind*** – The ALL in ALL. Hold it in your Thought, Visualize it, see it, and know it!

The ways and means of satisfying that desire will follow. It is by doing this that you take fate of the hands of "chance". It is in this way that you control the experiences you are to have in life. But you must be sure to only "***Visualize***" only what you want. The Law works both ways. If you visualize your worries and your fears, you will make them real. Learn to control your thoughts, your emotions and you will control circumstances. Conditions will be what you make them. The time we spend idly wishing and or worrying can be used in so directing our Subconscious Minds that will bring us anything of good we may desire.

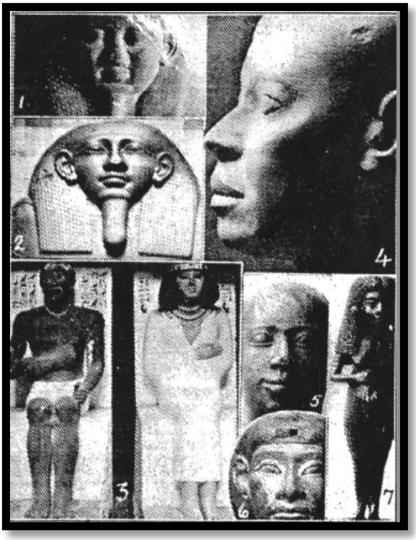

All we have to do is keep that one thought in mind, SEE it being carried out step by step, and we can knit together a wonderful master piece. The World today has turned in vain to matter and materialistic philosophy for selfish gains. We are now in the day and time where the only way we will truly progress will be in the **Mental Realm** and this progress will not be in the way of Human "**speculation**" and

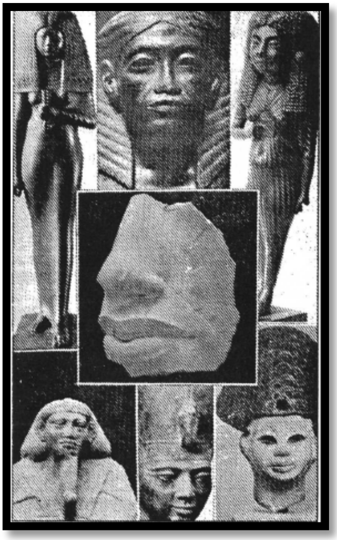

**theorizing**, **philosophizing**, and believing but in the "**actual demonstration**" of the Universal, Infinite Mind (The ALL in ALL).

Don't be content with passively reading this. **Use it! Practice it!** Exercise is far more necessary to Mental development that it is to physical. Practice the "daily dozen" of Right Thinking. Stretch your Mind to realize how infinitely far it can reach out, what boundless vision it can have. Breathe out all the old thoughts of sickness, discouragement, failure, worry and fear. Breathe in deep, long breaths (thoughts) of unlimited health and strength, unlimited happiness and success. Practice looking forward-always looking forward to something better- better health, finer physique, greater happiness, bigger success. Take these Mental breathing exercises every day.

See how easily you will control your Thoughts. How quickly you will see the good effects. You've got too think all the time. Your mind will do that anyway. And the Thoughts are constantly building for good or ill. So be sure to exhale all Thoughts of fear, doubt, worry, disease (dis-ease), and lack that have been troubling you, and inhale only those you want to see realized.

## -The Eternal Temple of Nun- (WORLDWIDE)

### "YOU" are the Eternal Temple of Nun.

What do we mean? Let's look at the meaning of the word Eternal. According to the Merriam Webster's Dictionary the word Eternal is defined as: Eternity: Having infinite duration: EVERLASTING: TIMELESS. Eternity is Defined as: Infinite Time: The State After Death: IMORTALITY. The "IMMORTALS"

### Temple – Latin Tempus (Time)-The Illusion

"Do you not know that you are The Most High's Temple, and that the Most High's Spirit dwells within you? For the Most High's Temple is holy, and that Temple you are." - The Holy Bible, 1Corinthinas 3:16

As you know the Physical Body is the "Temple", when taken proper care of sustains life. The Physical Temple is an Animation of the three higher quality Temples that are made of a higher more finer substance, (i.e. Mind, Spirit, and Soul). These Three Qualities was only given a "limited Time" to work on perfection. Our Ancient TaMa-Rean (Egyptian) Ancestors knew life in the Temple (Body) was very important which is why they spent their whole Physical Existence "perfecting" ones KHU (Mind), KAA (Spirit), and BAA (Soul) while keeping their KHAT (Body – Temple) pure which would give them more Time. "The worst thing you can do is waste ones Time!"

### NU - (NUN)

Ancient (TaMa-Rean) Egyptian Word and Principle for 1st, Prime, Hidden Potential and Infinite Possibilities. The Original Creative Forces of the Universe (Nature), the Black Light of Intellect (Mental Energy), the Black Waters or Celestial Waters known as the Etheric Realm, formless Ethers, Un-manifested energies, Nameless.
